The students in this course will select the “Honors Read” for incoming students in the Honors College for Fall 2021.

Members of the Honors Community are currently nominating books to be considered for the Honors Read. This tutorial will analyze and discuss the nominated texts, develop and refine criteria, vote on the final choice, and prepare a letter to be included with the books provided to the incoming students.

Help choose the text that will introduce the class of 2025 to the Honors College!
